NITRO WHIP

69070 NITRO WHIP

With the iSi Nitro Whip and Nitrogen fillers, you'll create the new trend in no time at all. The addition of pure nitrogen turns cold brew coffee into Nitro Coffee.

The result is an incredible variety of aromas, a smooth and creamy mouthfeel and a dense foam.

Let your creativity run wild, the iSi Nitro Whip is also suitable for the preparation of Nitro Tea and cocktails based on coffee and tea. Only suitable for cold use up to a maximum of 30 °C.
