

VODKA HIBISCUS

Preparation

- 1- Prepare 400g of very cold mineral water with orange peel, ginger and cinnamon.
- 2- Fill the espuma siphon with the mixture.
- 3- Put in the rapid infusion filter.
- 4- Close the siphon, add a charge and shake.
- 5- Squeeze the siphon lever and let the air escape through the rapid infusion tube.
- 6- Strain the contents and reserve the liquid.
- 7- Add 100g of tpt syrup to the mixture.
- 8- Fill the classic soda maker siphon.
- 9- Insert the measuring tube.
- 10- Insert the riser tube.
- 11- Put a load of co2 and stir gently.
- 12- Put ice to taste in a tall glass and add 4cl of vodka.
- 13- Add 10cl of hibiscus.
- 14- Add the flavoured carbonated water.
