

Infusion flavouring in Rotaval

Ingredients

- 800g mineral water
- 30g cinnamon stick
- 30 grams of cardamom
- 30g star anise
- 30 grams of coffee

Preparation

- Heat the water to boiling.
- Remove from the heat and add the spices, leave to cool and store in the fridge without straining.
- The next day, blend in an American glass and strain through a [superbag](#).
- Distilling in [Rotaval](#)...see video on our website.
